## Zero tolerance for violence

Preschool children occasionally push, grab or hit others when they are upset or frustrated. They do not always have the words or skills needed to handle a situation or express themselves appropriately. Aggressive behaviour however is not acceptable and will not be tolerated. We ask for your cooperation in teaching children to use other means to resolve conflicts. These alternatives include: talking ( using words ), getting an adult to help, walking away from the situation.....

Our school will not tolerate any violence. If your child is involve in a violent conflict with another child, we ask that if you are present, please remove your child from the play ground immediately. Reassure him /her that they can try again the next day.

In your absence, we will remove the child for the play period. We will advise you upon your arrival. If the behaviour continues, other measures will be taken: loosing outside play time privilege, staying home for a day.....

Please help us to ensure that our playground and school are safe and happy places to be.

Thank you from the staff and children of Orleans Montessori.
